Summer 2018

## MEET OUR NEW TOWNSHIP ADMINISTRATOR Welcome Mr. Kevin Vaughn

Kevin Vaughn brings 31 years of experience in government to his new work with Clinton Township. Most recently, he spent the last 5 years as the Village Administrator for Plain City where he oversaw water, sewer, streets, zoning, parks and recreation, and economic development. During his tenure with Plain City, Kevin sought and won almost a million dollars in grants and helped coordinate large public works projects. Kevin also has 12 years of experience as a firefighter and 14 years in parks. In addition to his work history, Kevin served the community as a councilman, council president pro tem, fire board trustee and chairman of the personnel and finance board for the Village of Plain City. Kevin has been married for 18 years and has three daughters.

Trustee Jane Cera said, "We are excited to have someone with Kevin's talent and experience on the leadership team of the Township. I'm confident that he will be a great asset to us in our economic development efforts." Trustee Carl Reardon thought, "Kevin Vaughn is very personable, he is skilled, talented and is a great addition to our township." Trustee Aliena Sword added, "Kevin brings with him to the Township a passionate work ethic, long list of accomplishments and a deep understanding of local government. I'm excited to see his impressive skill set in action! Here's a quote he presented to the board during the interview process: 'The act of preserving a site, a building, or a community is a gesture of respect for past decisions and a gift to future generations who may enjoy, or be curious about the physical manifestation of different times and cultures.' -- Jean Carroon"

### NEW TOWNSHIP HALL CONSTRUCTION INFORMATION

We are excited about the opening of our new building. Assuming everything continues to stay on track, we should be moving-in this September. Residents will be enjoying our new community room and tours of the facility at our annual Open House this October. Stay tuned!

The Township has partnered with Franklin County in providing informational zoning door tags to residents. Watch for these helpful reminders to be distributed soon. Meanwhile, thanks for being a good neighbor by mowing and maintaining your property free of debris and trash.

Did you know that Local Waste Services will take most bulk items right along with the trash pick-up at no additional charge? Please place these items neatly at the curb. For any special questions on requirements, residents may call them at (614) 409-9375 or visit [www.LocalWasteServices.com](http://www.LocalWasteServices.com)

### **Free Smoke Alarms!**

The Clinton Township Division of Fire has a goal for all residents to have operable smoke alarms in their home. The Division has partnered with the American Red Cross to offer Free Smoke Alarms and installation. If you need smoke alarms or if your smoke alarms are over 10 years old the Division will send a crew to install up to 2 free smoke alarms. Please contact Chief Fraley at 614-475-0022 to schedule an installation.

### **Roads Crew will be working on crack-sealing Township Roads this summer!**

Also watch for some new speed-calming signs coming soon to some of our East Side streets. The signs will be asking us to please remember to drive through all our neighborhoods like our own children live there.

**Our alleyways are also receiving some attention this summer as the crews trim vegetation and fill holes with gravel and there will be asphalt patching on Walford Rd.**

---

A friendly reminder from our Police Department: Please watch for children playing near our streets. Many of our streets without sidewalks do not necessarily have clear-cut boundaries for children at play. Parents, this is a great time for gentle reminders about staying out of the street, not running between parked cars, and always wearing the appropriate helmets and equipment to keep our little ones safe.

---
